

kdb::NameIterator

```
classDiagram
    class kdb::NameReverserIterator
    class kdb::NameIterator
    kdb::NameReverserIterator --|> kdb::NameIterator
```

The diagram illustrates a class hierarchy. At the bottom is a white box with a black border containing the text 'kdb::NameReverserIterator'. A red arrow points vertically upwards from the top center of this box to the bottom center of a gray box with a black border above it, which contains the text 'kdb::NameIterator'. This indicates that 'kdb::NameReverserIterator' inherits from 'kdb::NameIterator'.
